

HEALTH AND SAFETY OF STUDENTS AND STAFF

Background

The District is committed to providing a safe and healthy study and work environment for its students, staff members, volunteers and the general public.

The personal health and safety of each employee of the District is of primary importance. The District is committed to a health and safety management system that protects our workers, volunteers, contractors and the general public who enter our property.

The development and maintenance of a safe and healthy work environment is a shared responsibility. Employees at every level are responsible and accountable for the District's health and safety performance. Active participation by everyone, every day, in every job is necessary for the health and safety excellence that the District expects. The District believes that a healthy, safe work place can be achieved by working together.

Safety education is integrated in all areas of District work and with all disciplines.

Procedures

1. The District recognizes the necessity for a planned safety program to ensure a safe environment for all personnel and students. Therefore, the Superintendent or designate will develop and implement a safety program which will include:
 - 1.1 Compliance with all provincial and deferral laws, rules, and regulations;
 - 1.2 Provisions for safety instruction; school facility safety; safety in transportation and traffic control;
 - 1.3 Communications among staff, student, parent, community officials, and the media; and designated safety personnel.
2. Under the Occupational Health and Safety Regulation, all staff members have the responsibility to ensure the health and safety of students, themselves and their colleagues.
 - 2.1 All District administrators, staff and contractors shall comply with Occupational Health and Safety legislation.
 - 2.2 All District personnel and contractors shall comply with Workplace Hazardous Materials Information System (WHMIS) standards.
 - 2.3 All students in laboratory courses shall have a safety training session.
3. Principals and supervisors shall:
 - 3.1 Be familiar with WHMIS;
 - 3.2 Ensure that the school's (or department's) copy of the WHMIS binder is kept current.
 - 3.3 Review WHMIS requirements with their staffs each September;

- 3.4 Ensure that yearly inventories of chemicals are conducted; and
- 3.5 Ensure that Safety Data Sheet (M.S.D.S) sheets are current.
4. Appropriate staff shall participate in WHMIS information programs provided by the District.
5. Principals and supervisors with questions regarding WHMIS are to contact the Secretary-Treasurer. Other District staff with questions regarding WHMIS are to contact their Principal or Supervisor.
6. It will be the responsibility of the Occupational Health & Safety Manager to:
 - 6.1 Develop a program of WHMIS education for staff;
 - 6.2 Arrange for implementation of WHMIS programs;
 - 6.3 Keep all principals and supervisors updated with materials to keep WHMIS binders current; and
 - 6.4 Maintain an up-to-date Occupational Health and Safety Manual.
7. Certification in the transportation of dangerous goods shall be a condition of employment for those employees as determined by the Secretary-Treasurer.
8. Only certified personnel will handle or transport goods identified as dangerous goods.
9. Dangerous goods not properly labeled, placarded or documented will not be handled or transported.
10. Each Principal shall develop procedures that prescribe the rules of safe operation of all laboratories within the school. Such procedures shall address:
 - 10.1 Safe and secure storage, annual checking, and disposal, where needed, of chemicals;
 - 10.2 WHMIS labeling of all chemicals;
 - 10.3 Safe and secure storage and use of laboratory equipment;
 - 10.4 Safe use of natural gas and security when gas is not in use;
 - 10.5 Appropriate teacher supervision of students in all laboratory activities;
 - 10.6 The training of staff in the use and maintenance of safety equipment, and the use and hazards of any equipment or chemicals they may use as well as the safety requirements of any procedure or activity they may use;
 - 10.7 The training of students in any safety procedures relevant to the work they are doing; and
 - 10.8 Any other measures required to ensure the safety of students and staff in any school laboratory.
11. The development and implementation of safety and accident prevention programs is mandatory in order to develop a learning and working environment that promotes health and safety. The District will:

- 11.1 Provide the education and tools required so all employees are aware of their responsibilities and duties under the Occupational Health and Safety Regulation.
 - 11.2 Ensure that there is a Joint Workplace Health and Safety Committee with representation from all areas of the District to review Occupational Health and Safety issues and incidents, and provide recommendations.
12. The provision of instruction and training to students and staff is essential in order to encourage safe working practices and to ensure appropriate response in the event of an accident.
- 12.1 In order to ensure that there are staff members proficient in administering First Aid, the District encourages staff members to take a standard First Aid course.
 - 12.2 Upon approval and the successful completion of a standard First Aid Course, the school/site will reimburse the staff member's registration fee.
 - 12.3 Any staff member covered by worker's compensation who is injured while carrying out his/her duties to the District shall, within the specified time, fill out any forms required under Worker's Compensation.
 - 12.4 Any staff member not covered under Worker's Compensation shall report to their immediate supervisor any injury caused by an accident while carrying out their duties to the District. The supervisor shall report such accident injury to the Superintendent.
 - 12.5 The application of Universal Precautions, meaning the application of strategies for isolation precautions to prevent the spread of blood-borne infections by applying Blood and Body Fluid precautions universally to all persons regardless of their presumed infection status, is mandatory for all staff members.
 - 12.6 Universal Precautions in a school setting shall apply to isolation of all moist and potentially infectious body substances (blood, feces, urine, sputum, saliva, wound drainage, and other body fluids) from all persons regardless of their presumed infection status through the use of protective gloves.
 - 12.7 Staff members shall put on clean protective gloves just before contact with mucous membranes, non-intact skin and for anticipated contact with moist body substances. Protective gloves are to be removed promptly after use, before handling non-contaminated items or environmental surfaces. Hands are to be washed immediately to avoid transfer of micro-organisms to others or environments.
 - 12.8 The Principal or District Office administrator shall ensure that an adequate supply of protective gloves is available to all staff members and that all staff members have knowledge of storage locations and easy access to the protective gloves.
 - 12.9 Principals shall ensure that procedures are developed for the application of Universal Precautions in the school environment.
