If you are awarded a temporary or regular position, your status will change automatically in Easy Connect. Please note that the turnaround may be 48hrs. Please update your availability in Easy Connect if you are still able to accept casual shifts.

What if my position is only part time? Can I still receive dispatches for additional hours?

Yes, you will need to ensure that you note your availability in your [Easy Connect calendar](#) and Easy Connect will dispatch you for additional hours if applicable.

What if I accept a dispatch in the evening and become ill overnight?

Cancel in the Easy Connect system, or if unable, contact the CUPE dispatcher by email or phone.

There seem to be lots of ways listed to receive call outs – phone, text, app and email.

Do I have to choose just one method, or is selecting multiple options possible?

Emails will always be the default method of contact and then employees will have the option to select a secondary preference to receive job offers (text, phone, app). The app is an option that can always be used but you will only receive notifications via the app if you select it as your secondary preference.

What if I think I missed a dispatch?

If you think you missed a dispatch, please report to Annette in dispatch as soon as possible. After investigating the situation, should we need to send you on a dispatch we will find you a school to attend for the day.

Can I cancel a job offer if I change my mind?

You can cancel a job offer within 2 hours of the start time. If you do cancel a job the system will note that you are unavailable, and you will not be able to accept a different job offer for that day. (Example - Sunday evening you accept a job offer for Monday and then cancel it later that evening or the following morning. You would not be offered any additional calls for Monday. Once the evening calling period opens, you would be offered jobs again.)

Will paper timesheets still be required, or will the automated dispatch system keep a record of my casual work?

We will continue with paper timesheets while we transition into full electronic dispatching and then we will be reviewing this process.
