Community Resources

2020/2021

Dear Parents and Guardians,

This is a unique school year as we navigate some challenging, unfamiliar, and stressful experiences. As a result of the COVID-19 pandemic, parents may need to access additional support from the community in order to promote the immediate safety and well-being of their children. During this time there are still many local community agencies available to help children and carers who may be struggling. The information below is considered accurate as of October (2020), but things may shift. Please contact the agencies online or by phone and they will guide you with how best access support.

Local Support - Counselling for Children and Families

Canadian Mental Health Association

The CMHA team provides a range of mental health programs and outreach options for children and youth to 18 years of age. Currently, youth outreach, Youth Open Door drop-in, and BIKEWORKS are running as usual. Additionally, on Tuesdays (9-11 am/1-3 pm) CMHA is offering intake clinics for families.
